

A REPORT ON CAMP FOR EMPOWERMENT OF PEOPLE WITH DISABILITIES

KUPWARA, JAMMU & KASHMIR
21ST - 26TH AUGUST - 2023

Overview

Spark Minda Foundation

Spark Minda Foundation (SMF) was established as a Section 8 company, operating under the umbrella of the Companies Act, 2013. It has been fulfilling the role of the CSR arm for the Spark Minda Group since its inception in 2014. The Foundation's overarching vision is to foster a sustainable society by enhancing the overall quality of life, safeguarding the environment through proactive initiatives, and fostering holistic growth that encompasses both people and the ecosystem.

At its core, SMF is dedicated to advancing community development through a multi-faceted approach. This encompasses educational initiatives, skill development for livelihood enhancement, empowerment of women, enabling healthcare accessibility, enabling inclusivity for people with disabilities, and promoting environmental sustainability. The Foundation effectively implements projects and programs in semi-urban and rural regions across five key Indian states, namely, Uttarakhand, Uttar Pradesh, Haryana, Maharashtra, and Tamil Nadu.

SMF's strategy is firmly rooted in a needs-based approach, driven by a collaborative ethos. By partnering with like-minded institutions, the Foundation maximizes its reach and impact, catering to a diverse spectrum of individuals across the nation. The programs are thoughtfully designed for scalability, allowing for their gradual expansion and evolution over time.

In a broader context, the CSR strategies formulated by SMF are intricately aligned with global concerns, and thoughtfully contextualized to address the unique challenges present in India. These initiatives resonate with the Sustainable Development Goals outlined by the United Nations, embodying a commitment to a better future for all.

In 2015, the Spark Minda Foundation introduced the "Saksham" programme to empower people with disabilities (PwDs). This initiative complements the Rights of People with Disabilities Act 2018, legislation enacted by the Government of India. Through this programme, SMF has made a significant impact, reaching out to over 16,500 people with disabilities. This includes facilitating more than 16,000 adaptations to enhance their accessibility, extending support for 1,700 UDID (Unique Disability ID) registrations, and facilitating nearly 1,000 job placements within the Spark Minda Group.

The Foundation's efforts have led to establishing dedicated centres in Maharashtra, Uttar Pradesh, and Uttarakhand, focused on creating employment opportunities specifically tailored for People with Disabilities. This programme underscores SMF's commitment to fostering inclusivity and equal participation, while also contributing to the economic empowerment of a diverse group of individuals.

Objectives of the programme :

1. Enhancing accessibility and providing assistive technology to empower PwDs.
2. Offering guidance and support for the registration of UDID cards, ensuring official recognition for People with Disabilities.
3. Identifying and facilitating suitable employment opportunities for eligible PwDs through collaborations with partner organizations.
4. Providing skill development initiatives and on-the-job training tailored to individual needs and industry requirements.

JOURNEY SO FAR

The Saksham programme started by organizing camps annually for the empowerment of PwDs for not only with assistive aids but to make them independent. The project was further expanded, when centres for the Empowerment of PwDs were established at Pune, Noida and now in Uttarakhand.

Glimpses from the Camp

Glimpses from the Camp

Camp for Empowerment of People with Disabilities

Kupwara, Jammu & Kashmir

21st - 26th August 2023

Registration Desk

At the camp's entrance, a registration desk was established to meticulously monitor the count of attending PwDs. For the precise identification of required fitment types and assistive aids, medical assistance was readily available to the PwDs. Employing photography, a comprehensive record-keeping system was established, effectively documenting the progress from pre-fitment to post-fitment stages.

UDID- Unique ID for Persons with Disabilities

To facilitate the process of obtaining UDID cards, a dedicated counter was established. Here, PwDs received personalized assistance and guidance, aimed at enhancing their understanding of the benefits associated with the UDID card. Moreover, comprehensive support was extended to PwDs throughout the registration procedure, ensuring their needs were met effectively.

Hearing Aid

A significant extension was made to the scope of Saksham by offering hearing aid provisions to attending PwDs. This expansion effectively addressed individuals with hearing impairments, adding a new dimension to the initiative. The result has been a profound enhancement of well-being and contentment among these individuals.

Medical Camp

A comprehensive medical camp was established to offer a thorough general health check-up for individuals. The camp provided a platform for people to undergo essential medical assessments and screenings. Skilled medical professionals were on hand to conduct examinations, ensuring a holistic evaluation of participants' well-being. This initiative aimed to promote health awareness and offer timely medical insights to the community.

Prosthetics and Orthotics

This process involves empowering individuals with locomotor disabilities or those who have undergone amputations. It includes providing prosthetics (artificial limbs), orthotics (calipers), or other assistive aids. The first step is assessing the person's needs, followed by taking measurements based on the prescription. After fabrication, the device is fitted to the individual, followed by gait training and quality checks. This brings them closer to empowerment.

Kupwara Camp Details

The Saksham programme has been meticulously crafted to foster independence among People with Disabilities, thereby reducing their reliance on external support for both mobility and livelihood. This transformative programme was conducted from August 21st to 26th, with a profound objective: to extend assistance to those in the local community who lack the financial means to acquire essential aids such as artificial limbs, callipers, assistive devices and hearing aids.

During this period, a comprehensive range of vital resources were generously provided to those in need. This included the distribution of artificial limbs, wheelchairs, hearing aids, auxiliary crutches, walkers, elbow crutches, and hand sticks. The impact of this initiative resonates deeply, as it directly addresses the critical requirements of individuals who might otherwise face barriers in leading a self-sufficient life.

A notable achievement lies in the fact that over 700 individuals from surrounding areas reaped the benefits of this initiative. Through the provision of fitting interventions and the facilitation of UDID card registrations, the Saksham program has not only enhanced their physical well-being but has also extended the invaluable gift of recognition and support.

Kupwara Camp Details

A remarkable 6-day camp was meticulously organized in the beautiful region of Kupwara, nestled within the picturesque landscapes of Jammu & Kashmir. Held from the 21st to the 26th of August 2023, this event was a collaborative effort involving the Indian Army and BMVSS (Bhagwan Mahaveer Viklang Sahayata Samiti). A range of areas including Terhgam, Bohipora, Kupwara, Gulrez, Gulgam, Dudi, Machhal, and several others were encompassed in the camp's reach, allowing its impact to resonate across diverse locales.

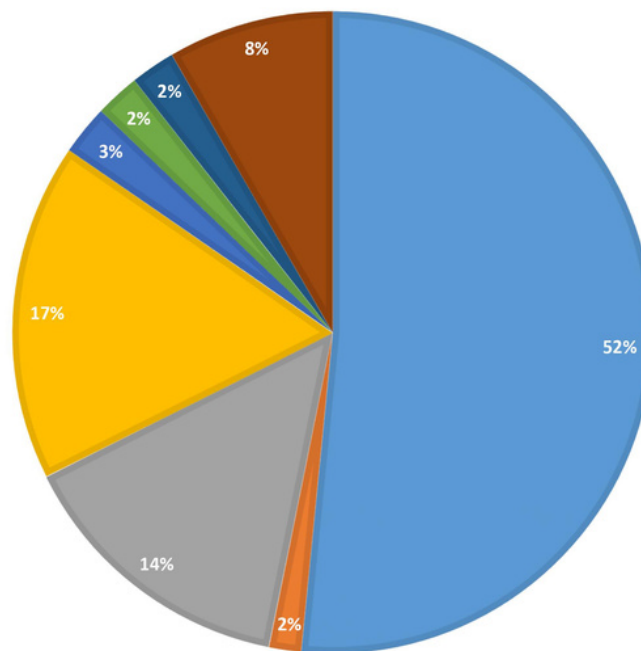

The camp's offerings were diverse and impactful, catering to the diverse needs of individuals. It encompassed the provision of essential assistive devices such as artificial limbs, wheelchairs, hearing aids, auxiliary crutches, walkers, elbow crutches, and hand sticks. In addition to these provisions, the camp played a pivotal role in facilitating UDID (Unique Disability Identity) registrations, serving as a gateway to formal recognition and support for those with disabilities.

The figures stand as a testament to the camp's success and its impact on the lives of the people it reached. The camp accomplished a total of 1111 fitments out of the intended 500, showcasing its considerable reach and capacity to make a difference. A total of 947 registrations were recorded, underscoring the level of interest and need within the community. Additionally, the camp facilitated 58 registrations for UDID cards, representing an essential step towards ensuring individuals' rights and access to appropriate resources. This collective effort between the Indian Army, BMVSS, and the local communities undoubtedly marked a meaningful stride towards inclusivity, empowerment, and improved quality of life for individuals with disabilities in the region.

Inauguration Day

On the 21st of August, witnessed a significant event as the inaugural function of the Camp for the Empowerment of People with Disabilities unfolded. The occasion was graced by distinguished personalities, including Brigadier Voodev Parida, VSM, Deputy General Officer Commanding, 28 Infantry Division, and Praveen Karn, Spark Minda Foundation CSR Group Head. Alongside them were the PwDs, for whom this camp stood as a ray of hope.

Brigadier Voodev Parida, the event's keynote speaker, highlighted the importance of initiatives aimed at empowering individuals with disabilities. He expressed gratitude towards Spark Minda Foundation (SMF) for their unwavering support. In his address, he lauded SMF's remarkable efforts in assisting the PwD community of Kashmir, emphasizing the significant impact they made in the previous year. Their support, he noted, significantly improved the lives of Kupwara residents. He expressed his confidence in SMF's commitment to shine once again, aiming to extend their aid to more than 600 PwDs this year. This endeavour was recognized as a crucial step towards uplifting Kupwara's residents, providing them with greater empowerment and opportunities.

Praveen Karn, in his presentation, recounted the journey of this initiative in Jammu & Kashmir, which commenced in 2018 in Uri, Baramulla, through a collaborative effort with the Indian Army. The initiative's objective was to serve 500 PwDs. In the ongoing year, the mission remains steadfast in its commitment to positively impact the lives of over 600 PwDs in and around Kupwara, with the invaluable support of the Indian Army's mobilization efforts. The people of Jammu and Kashmir's trust and support were underscored as pivotal in the initiative's success, emphasizing the significance of collaboration with institutions like the Indian Army.

The inauguration of the camp marked the start of another impactful year in the journey to empower and support People with Disabilities in the region. The continuous dedication of Spark Minda Foundation and the collaborative synergy with the Indian Army were celebrated as vital components in the pursuit of an inclusive and empowered community. As the camp embarks on its mission to provide essential assistance and support, it stands poised to make a substantial difference in the lives of PwDs in Jammu and Kashmir.

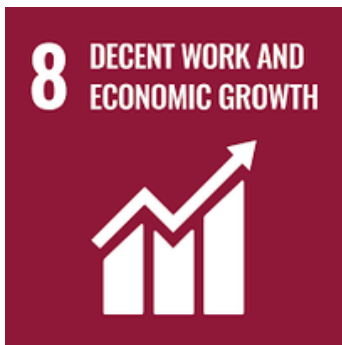

Inauguration Day

Together We Can

The Sustainable Development Goals (SDGs) have been designed to establish a comprehensive framework of global objectives that encompass the essential pillars of sustainability: social, economic, and environmental. These goals collectively address areas of paramount importance, such as ensuring access to quality education, fostering equitable economic growth, reducing disparities, and cultivating effective partnerships towards achieving these aims.

Underlying these goals, SDG-4 provides an inclusive and high-quality education, striving for continuous learning opportunities for all. SDG-8 emphasizes the pursuit of sustainable economic growth that yields quality employment opportunities, thereby enhancing living standards. SDG-10 aims to diminish inequalities while upholding steady income growth, guaranteeing that no one is marginalized. SDG-17 serves to fortify global collaborations that advance sustainable development.

In alignment with these pivotal SDGs, the Saksham initiative is significantly contributing to the employment of Persons with Disabilities (PwDs). Spark Minda and Minda Corporation have collectively engaged over 750 PwDs within the manufacturing units of the Spark Minda Group. This step not only fosters economic empowerment but also exemplifies the production of assistive devices like Artificial Limbs and Callipers, directly addressing inequality by enhancing mobility for PwDs.

Additionally, the program actively supports PwDs in procuring UDID, a unique identification card, facilitating a more equitable work environment. By forging strategic partnerships with governmental bodies, non-profit organizations, trade associations, and kindred CSR groups, the scope of impact expands, paving the way for a substantial improvement in the lives of PwDs. This approach not only adheres to the ideals set forth by the SDGs but also amplifies their positive influence on the lives of those with disabilities.

Unleashing Dreams

In the idyllic town of Budgam in J&K, a remarkable story of determination and hope unfolds, centred around Aiman Shafi, a 12-year-old girl with an extraordinary journey. Aiman's life began with unique challenges; born with a disability, she faced the world without the ability to walk. Undeterred, her unbreakable spirit and the unwavering support of her mother, Gulshan Ara, fueled her dreams. However, life had more tests in store. Aiman's physical limitations, stemming from a small growth, posed insurmountable obstacles. Yet, her boundless spirit persisted. The Camp by Spark Minda Foundation, in collaboration with the Indian Army, emerged as a beacon of hope. Their generous gift of a wheelchair was more than just mobility – it was a portal to newfound freedom. Aiman's world expanded overnight, her joy palpable as she wheeled around with newfound independence.

Beyond mobility, the wheelchair unlocked opportunities. Education became a pursuit of enthusiasm, unburdened by physical constraints. Aiman's thirst for knowledge grew, and her dreams extended beyond academics. She aspired to partake in sports, a wish now within reach thanks to her wheelchair. Gulshan Ara's gratitude was profound. The wheelchair reshaped their lives, empowering Aiman beyond measure. "This gift from Spark Minda Foundation has not only given Aiman the ability to move freely, but it has also given her wings to soar," she proclaimed. Aiman's journey resonated throughout the community, inspiring resilience and compassion. Amidst the scenic beauty of Budgam, her story became a symbol of triumph. The wheelchair was more than an aid; it was a catalyst for transformation. Aiman's journey showcased the potential of dreams, the power of support, and the beauty of unwavering spirit.

Overcoming Boundaries

At the tender age of 3, Rouf's life took an unexpected turn. A seemingly ordinary fever, followed by an injection, led to an unforeseen consequence – a disability that would shape his life's path. As he grew, he faced the challenges that his condition presented, particularly when it came to his ability to walk. In a twist of fate, Rouf found himself in the world of saloons, working with an unyielding resolve that reflected his resilient character. However, the challenge of walking presented a significant barrier in his line of work. The daily struggles were tangible, yet Rouf's determination to persevere shone through.

Rouf learned about the upcoming camp at Zangli, Kupwara, through the Indian Army, which ignited a ray of hope within him. Without hesitation, he eagerly agreed to be a part of this promising opportunity. He received a wheelchair at the camp and the impact of it on Rouf's life was profound and far-reaching. With this newfound mobility aid, Rouf's daily experiences will transform.

For Rouf, the positive impact extended beyond his work and daily mobility. The equipment provided by Spark Minda Foundation held the promise of a brighter future, where his aspirations could be pursued with renewed determination. The Foundation had not only empowered him physically but had also ignited a spark within him – a spark of possibility, of dreams that could be achieved. With gratitude shining in his eyes, Rouf expressed his appreciation for Spark Minda Foundation's unwavering support. "The equipment and assistance they provided have opened doors I never thought possible," he shared. "I am not just moving on wheels; I am moving towards a brighter future, one where my dreams are within reach." Rouf's journey from a young child struck by unexpected adversity to a beacon of hope in his community is a testament to the resilience of the human spirit.

Empowered by Compassion

A 6-year-old young girl from Kupwara shares a heartwarming account of her experience at the Spark Minda Foundation's Camp for PwDs. Seeking calipers to enhance her mobility and comfort, she found more than just equipment – she found a world of compassion and transformation. The Empowerment Camp for People with Disabilities became the beacon of hope she had long awaited.

The camp, organized to provide support, greeted her with warmth and dedication. The team's meticulous attention ensured a perfect fit for her calipers, reflecting their belief in her potential and resilience. With her new calipers, a world of opportunities opened up. Walking will be a joyous experience, with discomfort fading away. The tears of joy in her parents' eyes spoke volumes, expressing their deep gratitude for the care she received during the camp. Despite the anticipated challenges ahead, her resolute determination to overcome them shines brightly.

Grateful and inspired, she carries this chapter of her life with a sense of purpose, knowing that even small acts of kindness can create ripples of transformation that touch lives profoundly.

From Despair to Hope

Gulam Rasool, a resident of Kupwara district, shares a life-changing journey. Having walked without issue until the age of 24, he suddenly encountered a debilitating leg problem that shattered his ability to walk properly. His quest for a solution led him to numerous doctors, including visits to JVC Srinagar and other states of the country, but no remedy seemed effective. Amid despair, hope dimmed.

Gulam heard that Spark Foundation's team arriving in Kupwara and they are holding a camp in collaboration with the Indian Army, it kindled a glimmer of hope. Upon reaching the camp, Gulam was struck by the presence of a fellow differently-abled person who measured him for assistance. This experience resonated deeply; the team's understanding of his challenges was evident. The provision of a wheelchair marked a turning point. It was the first time Gulam felt truly acknowledged and received the treatment he deserved.

Gratitude overflows as Gulam acknowledges the transformative impact of the Spark Minda Foundation. He expresses a wish for continued programs that uplift individuals like him, enabling them to reclaim their place in society. Gulam's words resonate with heartfelt thanks to the foundation for granting him not just mobility, but also a renewed sense of value and hope.

Closing Ceremony

In a heartwarming culmination of the Camp for the Empowerment of People with Disabilities in Kupwara, a partnership between Spark Minda Foundation and the Indian Army, the closing ceremony brought together heartfelt sentiments and a renewed commitment to empowering people with disabilities.

The ceremony commenced with an enchanting cultural program presented by school students from the Valley. During the event, the students presented a captivating cultural program that included a mesmerizing dance performance and a soulful song.

Addressing the audience, the GOC Major General Girish Kalia, VSM said “The collaboration of the Indian Army with Spark Minda Foundation is able to improve and sustain many lives in the Valley. I would like to thank the people who participated in the camp. I also would like to compliment Spark Minda for their noble initiative.”

Following the GOC’s address, Praveen Karn, Group Head CSR, extended his heartfelt gratitude to everyone who trusted the initiative. He expressed his appreciation to the 528 ASC Battalion, NGO partners, dedicated volunteers, and the media for their integral roles in the camp's success. This year, the camp achieved a significant breakthrough, impacting the lives of 900+ PwDs since August 21, 2023. Karn thanked the Commanding Officer for enabling this collaborative effort, which has been pivotal in the empowerment of PwDs. As the curtains closed on this remarkable camp, Karn extended his gratitude to the people of Jammu and Kashmir, whose support has been an essential driving force behind the camp's resounding success.

Sarika Minda, the chairperson of Spark Minda Foundation graced the closing ceremony with her presence. She conveyed heartfelt appreciation to the people of Jammu and Kashmir and acknowledged the unwavering dedication of the army personnel who consistently safeguard the nation. Sarika Minda also highlighted the range of CSR initiatives undertaken by SMF, emphasizing the organization's commitment to advancing social welfare. She extended profound gratitude to the Indian Army for affording SMF the opportunity to serve the local populace in the Valley. This partnership has enabled SMF to make a meaningful and positive impact on the lives of individuals within the region. Through these words, Sarika Minda underlined the collaborative efforts that contribute to community enhancement and reinforced the values of service and mutual cooperation.

Concluding the closing ceremony, Commanding Officer, Col Avinash Singh, extended his heartfelt gratitude. He expressed deep appreciation towards Spark Minda Foundation for their dedicated efforts in empowering people with disabilities (PwDs). Col Avinash Singh conveyed his eagerness to continue collaborating with SMF for future noble initiatives, reaffirming their commitment to collectively contribute to meaningful causes.

With these speeches, the closing ceremony resonated with gratitude, determination, and a shared vision of a more inclusive and empowered future for all.

Subject: Acceptance of Proposal for Saksham – Empowerment of People with Disabilities Camp – 21st-26th August 2023

Respected Sir,

On behalf of Spark Minda Foundation, we thank you for serving and leading our nation towards safe development and for making a positive impact. I am writing this letter to confirm our acceptance of your proposal for a 6-day Saksham-Empowerment of People with Disabilities camp at Kupwara, Jammu and Kashmir. As we discussed, the camp will take place from Monday, August 21st to Saturday, August 26th at Zangli Garrison Kupwara.

We are honored to collaborate with the Indian Army once again for this noble cause. We will fix the deliverables for both the parties on mutual consensus and tentatively as per our last camp with you. We believe that this camp will positively impact and assist people with disabilities of the Union Territory.

We look forward to working with you to make this camp a success. Thank you for your kind consideration.

Please do not hesitate to reach out to us.

Thank you and Warm regards,

A blue ink signature of Praveen Karn.
